## How It Works

1. When your pet becomes ill or injured, get treatment from any veterinarian, including emergency hospitals.

2. Submit a claim online, by mail or with the Pets Best mobile app.

3. Get cash back, fast. Pets Best processes most claims within 3-5 days and sends payment via direct deposit, check or direct to the vet.

“

Our young puppy had a blockage in his stomach and intestine and on top of imaging and labs had to have emergency surgery to have it removed. We filed the claim soon after he was returned home safe and recovering. Customer service was very responsive and extremely helpful in describing where we were and what to expect with this process. “Morty”
